SafeZone Rigid Regulatory (ACM) Signs

BONELIGHT[®] ACM

Bone Safety Signs' "BONELIGHT[®]" comes in 3mm & 4mm Aluminum Composite Material (ACM). "BONELIGHT[®]" 3mm is made of two sheets of .021 aluminum, & the 4mm is made of .025 aluminum bonded to a thermoplastic core. ACM's flat rigid surface and weather resistance ensures long-term work zone performance and durability. Add to that with 40% decrease in weight than .080 aluminum signs, makes ACM an excellent alternative for lightweight Type III signage. It is **NCHRP350 approved and ISO9001-2000 - ISO14001 certified.**

"BONELIGHT[®]" ACM panels are available in a variety of shapes and sizes, with finish options ranging from blanks to standard or custom signs, laminated with reflective and non reflective sheeting.

BONELIGHT[®]
FHWA Certified WZ249

Custom Banners & Signs

Custom Banners & Signs

At Bone Safety Signs we are dedicated to providing you with sign solutions that get results. We work with you from the initial concept to completion and help you to select the right style of banner or sign, the best design and the right materials. We offer a wide variety of products and services to meet your needs so that your message and your business look great while keeping it simple and cost effective for you.

Please call us today for your custom sign needs!

Here Are Some Products We Offer:

- Large Format Prints
- Custom Banners
- Real Estate and Property Signs
- Plant Identifications
- Golf Outings and Special Events
- OSHA Signs
- And More!

OSHA Signs

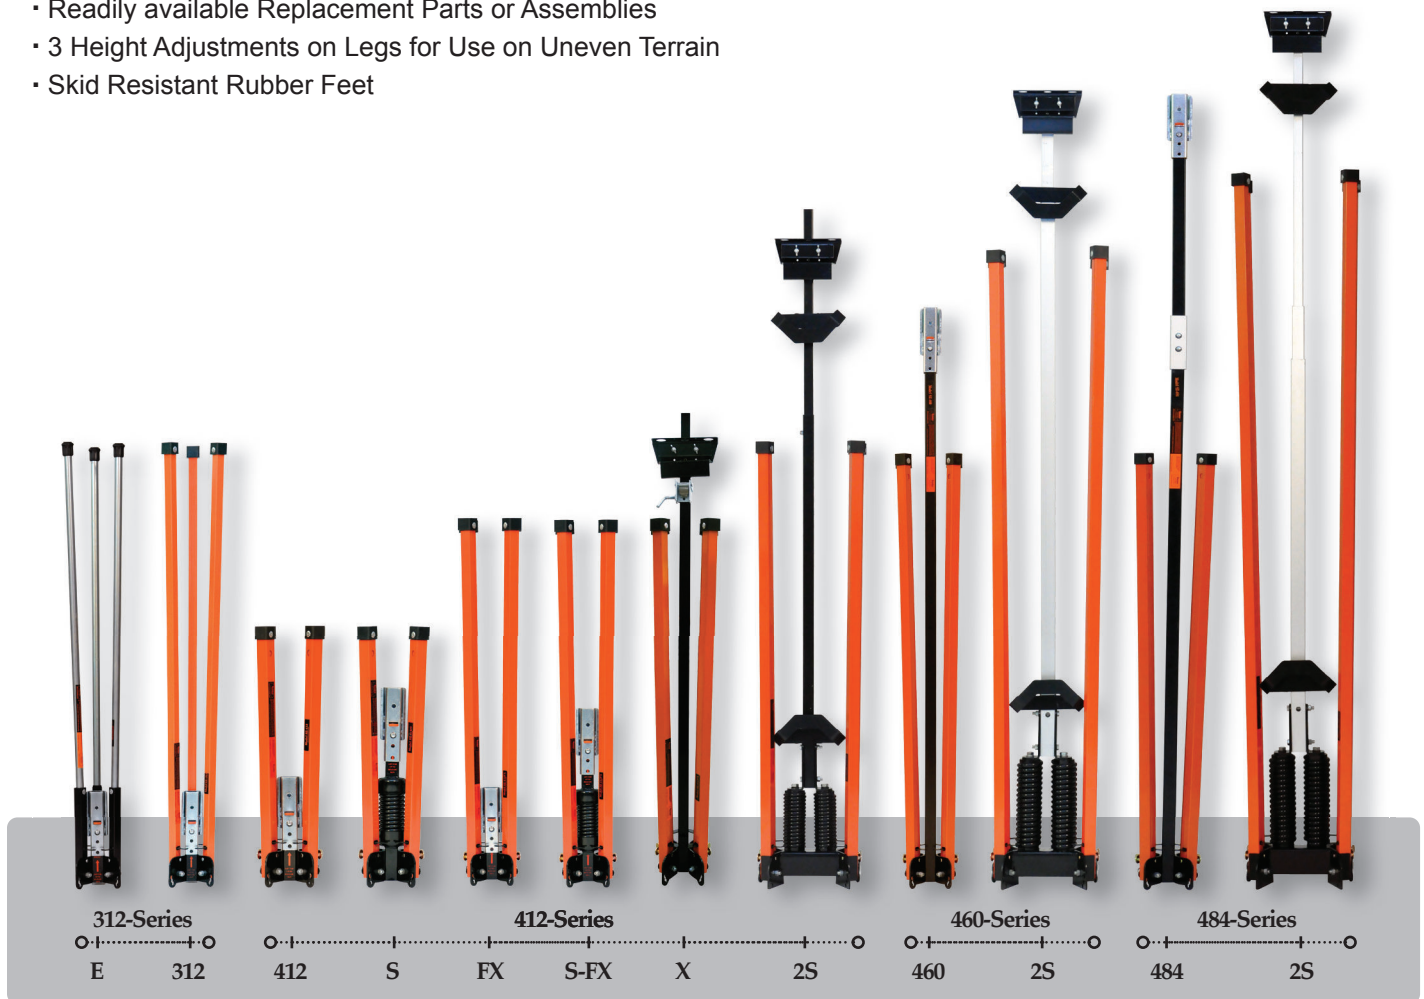

Helping you meet the federal OSHA guidelines for 1910 or 1926 for indoor or outdoor use.

SafeZone Series Stands

SafeZone Series Stand Features and Benefits

All **SafeZone Series** Sign Stands come with our patented Auto-Latch mechanism, unless our Universal Bracket is requested. The advantage of our Auto-Latch is the speed in which the sign is attached and released from our stands.

- Crash Design Breakaway Base
- Exclusive Quick Release System for all modular attachments and accessories
- Compact and Lightweight
- Bright Orange, UV Stablized, Powder Coated Legs, for Safety, Durability & Visibility
- Pull Pin and Kick Release for fast setup by hand or foot
- Simple Nut & Bolt Construction allows for fast repairs using basic hand tools
- Readily available Replacement Parts or Assemblies
- 3 Height Adjustments on Legs for Use on Uneven Terrain
- Skid Resistant Rubber Feet

NCHRP-350 Certified

Products displaying this emblem are certified to meet the crashworthy requirements of **NCHRP-350**. These products have been tested and are acceptable for use on the national highway system. Certification is on file and is available upon request.

SafeZone Series SZ-412-2S Dual Spring Stand

SafeZone Sign Bracket

The Rigid Sign Bracket was designed after careful research of rigid sign substrates used industry wide. The longer front fingers allow for a better grip, holding the substrate in place during high winds and impacts. The easy-grip handle provides a comfortable grip, giving the user more control in difficult working conditions.

SafeZone Series SZ-412-2S Dual Spring Stand (for Rigid & Roll-up Signs)

It's the first **SafeZone Series** Sign Stand designed to accommodate both rigid & Roll-Up signs. Dual coil springs and a wide base allow the SZ-412-2S to withstand heavy winds without additional sandbags or ballast. The SZ-412-2S is a great choice for anyone who needs rigid sign capabilities or transitions from rigid signs to Roll-Up signs.

DOT's, Telco's, Power Utilities, Road Contractors, Underground Utility Contractors & Barricade Rental Companies.

NCHRP-350 Certified

SafeZone Series SZ-412 Springless Sign Stand

The **SafeZone Series SZ-412** is a super lightweight compact springless sign stand for use with Roll-Up signs. Easy to use and easy to store, its single sign attachment point allows for quick deployment in the field.

Telescopic legs with both pull pin and kick release levers can be released by hand or foot for fast set-up. Independently adjustable legs with three height adjustments for uneven terrain makes for ease of use along right of ways and medians.

The SZ-412 is the right choice for Utility Companies, DOT's, City & County Governments or anyone working along secondary roads or inner city streets.

Designed to meet the minimum height requirement as set forth in the **MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES (MUTCD)** and **NCHRP-350** tested and certified (with roll-up signs), the SZ-412 is as safe as it is functional.

Auto-Latch

Bone's patented corner pocket snaps quickly into the Auto-Latch. The easy release lever makes it simple to remove the sign. The Auto-Latch Bracket is standard on all of our Sign Stands except when Universal Bracket is requested.

Newly Designed Universal Bracket

Our heavy-duty Universal Bracket allows the use of our **SafeZone Series** Sign Stands with other manufacturers' Roll-Up signs, including those with "sewn" corner pockets.

SafeZone Series SZ-412-FX Fixed Leg Stand

The **SafeZone Series SZ-412-FX** has the same characteristics as the SZ-412 except the legs are fixed length (FX).
