# Why Pyramex?

**A global market leader in innovation.** With distribution in over 60 countries, Pyramex has become one of the world's leading providers of safety products by delivering innovative and stylish product lines, exceptional attention to customer service, and a mindset that we succeed when you succeed. Before a single Pyramex product leaves our plant, we listen to the needs and observations of our distributors and end users, invest countless hours in research, design, and testing, and work to make sure our products meet the highest industry safety standards. When you place a Pyramex product on your shelves, you can do so with confidence, knowing we stand behind everything we produce.

**A mindset toward others.** As a business owner, nothing is more important to you than the satisfaction and peace of mind of the people you serve – your customers. For more than 20 years, we have cultivated our environment with you and your business in mind. We have become an industry leader by doing things the right way, whether it's taking extra measures to manufacture an exceptional product or double-checking a rush order to a client on the other side of the world. If it's important to your business, it's important to ours.

**A passion for excellence.** We continually seek better methods of delivering product and service. We believe that every time we touch a customer's life, we should provide added value for that customer. Pursuing excellence means we must know our customers, understand their needs and expectations, regularly listen to them, and adjust our processes and procedures to more effectively serve them.

**Serving others.** We value what our customers can teach us. Once you become a Pyramex distributor, our customer service specialists work closely with you to understand your business goals and look for ways we can help you achieve them. Service to our customers comes first.

- No automated answering service – we answer your call directly, so that we can act immediately. Each customer has an assigned in-house rep to serve your business.
- Most orders ship the same day.
- Private labeling programs are available.
- We actively pursue opportunities to bring new business to you.

**Superior products.** Pyramex's products have long been recognized as a market leader when it comes to protection, style, comfort and innovation. Before we introduce a new product, we listen to our distributors and their customers.

- **Safety.** All of our products meet or exceed the highest industry safety standards and are independently tested.
- **Style.** The more stylish a personal protective product looks, the more likely it will be worn.
- **Comfort.** We design products that are maximized in comfort so that the user can wear it all day long.
- **Innovation.** We continually offer products that are unique to the marketplace to insure our customers have a competitive advantage and maintain healthy profit margins. Try on a Pyramex product and you will see and feel the difference.

# The Pyramex Promise

At Pyramex, our promise to our customers is to provide the best possible products, the best possible service, and most importantly, an attitude of making our customers' lives easier on a day-to-day basis. Our values challenge us toward a commitment to truth and to deliver what we promise.

# There's more to see at **PyramexSafety.com**

## **More product images for each item**

View products from several angles to get a complete picture of what the product looks like. Zoom in for closer detail.

## **More product information**

Product features and specifications are readily available on each page without having to download a pdf file.

## **More videos**

Many new videos will be added to our site throughout 2016, so check it out often.

## **Filtered navigation**

Narrow your selections with the filtered toolbox and view your options in real-time.

## **Downloadable product flyers and specification sheets**

Product flyers and spec sheets for each product are now available right from the product page.

## **Power search**

Search by product, SKU, or feature with the all new search bar. Predictive type for product ID numbers help you quickly find what you are looking for.

## **On your desk or on the go**

Our responsive website has been redesigned so that your mobile experience is just as good as viewing on your desktop.

## **More features added soon**

More options will be added soon to help improve your experience with Pyramex Safety Products.

## **Track shipping**

See where your orders are by logging in with your personalized account info.

## How to Order

Pyramex Safety products are available for sale through Authorized Distributors.  
Please contact us for a distributor near you.

**Phone: 1-800-736-8673 | Fax: 1-877-PYRAMEX or 1-901-861-4967**

## Safety Standards Key

Pyramex independently tests its products to meet the following standards, certifications, or requirements. The key below indicates the tests which each product model has passed. Testing results for specific part numbers are indicated throughout the catalog with a color corresponding bullet point (●●●●●). Please call your representative for detailed test results. All factories are ISO 9001 Certified.

### Eyewear Protection

#### US standards

ANSI Z87.1 High Impact

#### European standards<sup>1</sup>

CE EN166

#### Canadian certifications

Cert. Mod. - CAN/CSA Z94.3-07

#### Australian certifications<sup>2</sup>

AS/NZS 1337

#### Ballistic certifications

MIL-PRF 32432 High Velocity Impact Standards.

### Face Protection

#### US standards

ANSI Z87.1 High Impact

### Hi-Vis Apparel

#### US standards

ANSI/ISEA 107-2010

#### Canadian certifications

CSA Z96-09

### Hearing Protection

#### US standards

ANSI S3.19

#### European standards<sup>1</sup>

CE EN-352:2002

### Head Protection

#### US standards

ANSI Z89.1-2009

#### Canadian certifications

Cert. Mod. - CSA Z94.1-2015

<sup>1</sup> Products that have the EN166 and CE EN-352:2002 markings are shipped from our European warehouse in Newbury, Berkshire, England. These part numbers begin with an 'E' when ordering.

<sup>2</sup> AS/NZS 1337 certified products are shipped from our Australian warehouse. These part numbers begin with an 'A' when ordering.

If you need to place an order for European or Australian certified products contact your customer service representative. Additional shipping charges will apply.

# Lens Colors

Pyramex offers a wide variety of lens colors for eyewear protection. The scratch resistant polycarbonate lenses provides 99% UVA/B/C protection.

-  **1.5 IR Filter**  
Commonly used for peripheral personnel who are not exposed to direct IR radiation.
-  **3.0 IR FILTER**  
Commonly used around welding sites or for light brazing or cutting.
-  **5.0 IR FILTER**  
Commonly used around welding sites or for medium to heavy cutting and medium to heavy gas welding.
-  **ARC**  
Blocks 75% of IR radiation. Ideal for use in welding areas. Designed for those who are not exposed to direct IR radiation.
-  **Amber | Yellow**  
Commonly used in indoor, low light applications. Enhances contrast.
-  **Blue Mirror**  
Gray polycarbonate lens with blue mirror coating. Commonly used in outdoor applications. Reduces glare.
-  **Blue Mirror Polarized**  
Commonly used in outdoor applications. Contains a special filter that blocks intense reflected light, reducing glare and eye fatigue.
-  **Clear**  
General purposes for indoor applications that require impact protection.
-  **Coffee**  
Commonly used in outdoor applications. Best for enhancing depth perception.
-  **Dark Gray**  
Commonly used in outdoor applications. Offers protection from excessive glare.
-  **Forest Gray**  
Commonly used in outdoor applications. Provides you with the least amount of color distortion.
-  **Forest Gray Polarized**  
Commonly used in outdoor applications. Contains a special filter that blocks intense reflected light, reducing glare and eye fatigue.
-  **Gold Mirror**  
Gray polycarbonate lens with gold mirror coating. Commonly used in outdoor applications. Reduces glare.
-  **Gray**  
Commonly used in outdoor applications. Offers protection from excessive glare.
-  **Gray Polarized**  
Commonly used in outdoor applications. Contains a special filter that blocks intense reflected light, reducing glare and eye fatigue.
-  **Green Mirror**  
Gray polycarbonate lens with a double layer of silver and green mirror coatings. Commonly used in outdoor applications.
-  **Green Mirror Polarized**  
Commonly used in outdoor applications. Contains a special filter that blocks intense reflected light, reducing glare and eye fatigue.
-  **Ice Blue Mirror**  
Gray polycarbonate lens with a double layer of silver and blue mirror coatings. Commonly used in outdoor applications.
-  **Ice Orange Mirror**  
Gray polycarbonate lens with a double layer of silver and orange mirror coatings. Commonly used in outdoor applications.
-  **Indoor /Outdoor Mirror**  
Clear UV400 polycarbonate lens provides 100% protection from harmful UV-A and UV-B rays. Coated with a light gold mirror finish to reduce glare. Commonly used where it is required to move between indoor applications to outdoor applications.
-  **Infinity Blue**  
Commonly used in indoor applications where there is an excessive amount of yellow or sodium vapor light. Offers a high level of contrast.
-  **Light Gray**  
Commonly used in outdoor applications. Offers protection from excessive glare.
-  **Mango**  
Offers high contrast for low light applications.
-  **Multi-Color Mirror**  
Gray polycarbonate lens with a double layer of silver and red, blue and green mirror coatings. Commonly used in outdoor applications
-  **Orange**  
Offers high contrast and low light image resolution.
-  **Photochromatic**  
Changes from clear to dark, after exposed to direct UV light. Changes from dark to clear, after removed from UV light. Transitions between 85% - 24%.
-  **Pink**  
Provides increased definition and contrast in low light and flat light conditions.
-  **Purple Haze**  
Commonly used in medium to low light conditions. Enhances contrast.
-  **Sandstone Bronze | Bronze**  
Commonly used in outdoor applications. Offers contrast in low light conditions.
-  **Shooter's Amber**  
Offers high contrast in low light conditions with minimal strain on the eye.
-  **Silver Mirror**  
Gray polycarbonate lens with silver mirror coating. Commonly used in outdoor applications. Reduces glare.
-  **Sky Red Mirror**  
Gray polycarbonate lens with a double layer of silver and red mirror coatings. Commonly used in outdoor applications.
-  **Sky Red Mirror Polarized**  
Commonly used in outdoor applications. Contains a special filter that blocks intense reflected light, reducing glare and eye fatigue.
-  **Smoke Green**  
Commonly used in outdoor applications. Provides you with the least amount of color distortion.
-  **Smoke Green Mirror**  
Commonly used in outdoor applications. Provides you with the least amount of color distortion.
-  **Sun Block Bronze**  
Bronze color lens is molded from UV400 polycarbonate for 100% protection against harmful UV-A and UV-B rays. Blocks the blue light of the spectrum. Offers brighter view on cloudy, hazy or foggy days.
-  **Vermilion**  
Vermilion has a muting effect on green to bluish backgrounds, and therefore is common for shooting sporting clays. Enhances contrast while reducing all color equally for optimum color recognition.

## Lens Treatment Key

### H2X™ Lens Treatment

H2X anti-fog technology blocks out fog, mist, sweat and steam. With H2X, vision will remain optically clear in any weather element. H2X anti-fog, anti-scratch coating is bonded to the lenses, and will continue to be effective even after repeated cleanings. H2X technology is available in select models of Pyramex safety eyewear.

### Polarized Lens

Eliminates glare, which distorts the true color of objects and makes them harder to be seen.

## I-Force® and I-Force Slim

12/box 144/case

- Quick Release interchangeable temples and strap.
- Vented foam carriage.
- Scratch resistant polycarbonate lens provides 99% UVA/B/C protection.
- Passes MIL-PRF 32432 High Velocity Impact Standards.

- Dual pane lens provides the ultimate anti-fog performance.
- Outer polycarbonate lens protects against the environment, while inner acetate lens is designed to prevent fogging.
- Outside lens is coated with Anti-fog Technology.
